The Chairman called a special meeting to discuss a request by the parents of Georgia Smith to erect a bench at the playing field in her memory. If permission is granted by the Parish Council the family hope to have the bench in place for the 5th June 2008 which would have been Georgia's birthday.

A full discussion took place with all members present who all agreed to allow the bench to be placed within the playing field.

Cllr York mentioned that in anticipation of the decision and because of the tight timescales, he had spoken to the local contractors who have previously done similar work for the Parish Council. They agreed to carry out the work free of charge.

A location for the bench is to be decided by the Chair and Vice Chair along with members of Georgia's family, a meeting is arranged for Wednesday 21st May 2008 at 19.00hrs. The contractors are also to be invited to the meeting.

Meeting ended: 18.00hrs
